COMMITMENT

As spring approaches, children's schedules are often filled with baseball practices, birthday parties, or just play dates in the warm spring weather. You and your child have made the commitment of finishing the dance year to her

teacher and the other students in her class, so weekly lessons & practicing should come before the other activities. Also, dance students may just now be realizing that while dance is still fun, it is a lot more work than they thought it would be. However, they do not realize how close they are to finishing with our summer recital about 15 lessons away!

As adults, we should be teaching children the idea of commitment and finishing what you start. Very often, I see parents allowing their children to quit dance in the last few months before recital. This makes it very hard on me, as a teacher, to re-choreograph dances at the last minute. It is also letting down the other students in the class & making them work twice as hard at relearning parts. As parents, you've also put a great deal of money into lessons &

non-refundable costumes. Completing the year will also give your child a sense of accomplishment at recital; knowing they CAN do it!

We will be talking about this subject in class & I hope you agree & can reiterate this fact at home!
